CONTRA COSTA COMMUNITY COLLEGE
D-639 ADA Improvements – Phase 2 Civil
Diablo Valley College

Date: September 22, 2017

NOTICE TO ALL CONTRACTORS

You are hereby notified of the following changes, clarifications and/or modifications to the original Contract Documents, Project Manual, Drawings, Specifications and/or previous Addenda. This Addendum shall supersede the original Contract Documents and previous Addenda wherein it contradicts the same, and shall take precedence over anything to the contrary therein. All other conditions remain unchanged.

This Addendum forms a part of the Contract Documents and modifies the original Contract Documents dated August 2017. Acknowledge receipt of this Addendum in space provided on the Bid Proposal Form. Failure to acknowledge may subject Bidder to disqualification.

A. BID DATE CHANGE: Bids are due prior to 2:00 PM on Friday, September 29, 2017.

B. PRE-BID RFI’S
   1. QUESTION:
      There are many operations that can NOT be performed during rain events. Either because there are NO suppliers that will deliver materials or because of the nature of the operation requires to be performed during DRY weather because of Safety considerations. Please indicate how these conditions will be addressed on the working days of the project. What would happen if for any reason we end up with 10-20 days where NO construction could take place? Please note that these events could impose an UN TOLERABLE RISK to the apparent low bidder.
   RESPONSE:
   In the event that a critical supplier is closed due to weather, additional time will be granted to CONTRACTOR. CONTRACTOR is expected to include in their bid protections from inclement weather in order to keep required operations dry. See definition in Specification Section 00800.
2. **QUESTION:**
   According to the plans, the handrails shown on detail 9 and 10 on page C5.0, are to be constructed on 2" O.D. stock. However A.D.A. codes require 1 1/2" O.D. Stock. Please clarify the required dimensions of the steel material required on All hand rails and to be used on Ramps and or Stairs.

   **RESPONSE:**
   The outside diameter may vary from 1.25” to 2”, see section from the California Building Code below:

   ![Diagram of handrail cross-sections](image)

   For areas with existing handrail that is compliant with the above, match the existing diameter. For new handrail, 1.5” O.D. is acceptable.

   **C. DELETIONS, ADDITIONS, CHANGES, REVISIONS**
   1. **REVISION: 00100**
      Notice to Bidders – License Required: A or B
      Bids Due No Later Than: September 29, 2017 prior to 2:00 PM

   2. **CHANGES:**
      The following items may be performed on Friday’s between NTP and February 23, 2018.
      C3.1 – Items 10b, 11.2, 30.1 & 30.2
      C3.2 – Items 36.1 & 36.2
      C3.4 – Items 49.1, 50.1, and 50.2
      C3.5 – Items 50.3, 56.1 & 56.2
3. DRAWINGS:
   
   i. Delete Sheets C3.0, C3.1 and C4.0 and replace with attached Sheets C3.0, C3.1, and C4.0
   
   ii. Items 36.1 & 36.2 / C3.2 – If work occurs on a Friday, only one stairwell can be done at a time.
   
   iii. Item 45b & 45c / C3.4 – Where planting and irrigation is disturbed. Replace and/or cap as needed.
   
   iv. 9/C5.0 – ADD Note 8. Handrails to be painted to match existing when applicable.
