4.	16-WEEK CALENDAR (information/discussion) Council will review next steps for senate discussion of the 16-week calendar. Henderson said the LMC Senate decided to take a vote of the whole. LMC will have a decision by the end of the month. He said his Council discussed if they want the union to begin to be part of the conversation to learn about the unknowns. He explained after a vote of the whole his Council will discuss the results and vote on a position. Organ said CCC will get survey results of the senate as a whole on Wednesday and his Council will discuss them on the following Monday and take a position. He explained they are grouping the results into full-time, part-time, department chairs, and division representatives because they each have different concerns. Lema said that DVC has had this conversation before so they were able to make a decision sooner. The DVC Senate Council voted to endorse further exploration of implementing a 16-week semester.
5.	FSCC CHAIR RESPONSIBILITIES (information/discussion) Council will review and clarify the duties of the FSCC Chair. Council reviewed the FSCC Constitution and briefly discussed the FSCC membership as described in Article 1. Usually it is the three senate presidents that meet and no other representatives. Lema recommended early next year, FSCC review their constitution. She said they should look at a name change to Academic Senates Coordinating Council, and it needs to be clarified who votes for which entity at the State Senate Plenary Sessions.

Lema said DVC is reviewing their smoking policy partly spurred by the increased use of e-cigs. She said

COLLEGE SMOKING POLICIES (information/discussion)

Council will discuss their college smoking polices.

DVC was told they had to make a ban district-wide. They were told enforcement would come from Police Services and they are a district-wide force. Lema said she has talked with ASDVC and the push for a change should bubble up from them. Organ said CCC added e-cigs to their policy a few months ago. CCC and LMC have not really discussed a ban but CCC talked about it 3 years ago and the students that spoke up were against more regulations. 7. DGC AGENDA (information/discussion) Council will review and discuss the DGC Agenda for 4/14/15. http://www.4cd.edu/about/committees/dgc/agenda minutes/agendas/2015-04-14.pdf They will go over the budget today 8. UNIFORM EMPLOYMENT SELECTION GUIDE/EQUIVALENCIES (information/discussion) Council will discuss the Uniform Employment Selection Guide. Council reviewed proposed revisions to the section on Requirements for Disciplines Requiring the Master's in Appendix B from the Uniform Employment Selection Guide. Organ explained the proposed changes. First he talked with Gene Huff about some of the language and agreed to add "rigor" to "breadth and depth" in paragraph 1 section C. Organ said that matches state language as well as in Cl1a3. Organ pointed out in paragraph 1 section C. Il says "Primary and related disciplines". But the minimum qualifications refer to "discipline areas" also, so that should be added C IIA. Henderson said there needs to be more discussion about the word "equivalent". He said you can't have an equivalent to a Masters without a culminating action, such as a paper. He suggested adding some language-about dissertation. Organ said he only worked on clarifying the language. FSCC can discuss additions later. In A2 he added "from an accredited institution" as well as more clarification about disciplines. Organ said he also added some clarifying language in A3 about disciplines. And he added the word "achievement" to the sentence on equivalent course work was achieved. Would it be up to the Equivalency Committee? Organ pointed out the word "or related"
