Fingertip Facts

The mission of the Contra Costa Community College District (4CD) is to deliver high-quality educational programs and services that enrich communities, advance equity and belonging and equip students with the knowledge and resilience to thrive in a changing world. As technology and industry needs evolve, we remain committed to providing equitable pathways to student success and fostering innovation and adaptability.

4CD will pursue four strategic goals as we strive to realize our vision to be a leader in educational excellence - advocating equitable student involvement, fostering social mobility, and transforming the community we serve.

The goals which follow provide a framework for aligning Districtwide efforts with our commitment to student success, equity and continuous improvement.

Each goal is supported by four priorities that focus and coordinate action, along with suggested strategies and measures that identify specific steps and promote measurable outcomes. Together, these elements ensure that our mission and values are translated into meaningful, sustained impact across 4CD.

- **Districtwide Strategic Goal 1:** Equitably improve student learning and completion by providing holistic support.
- **Districtwide Strategic Goal 2:** Foster a culture of inclusion, belonging, and student-focused engagement.
- **Districtwide Strategic Goal 3:** Embed future readiness and adaptability into 4CD's educational programming and operations by fostering innovation, adaptability, and proactive problem-solving skills at all levels.
- **Districtwide Strategic Goal 4:** Responsibly, proactively, and sustainably steward public funds.

Did You Know?

4CD has been a vital part of Contra Costa County for over 75 years. We continue to encourage young and old alike to take advantage of an incomparable array of educational choices— including studies leading to an associate of arts degree for transfer to four-year colleges and universities, short-term training to update professional skills, and specialized career education programs, many in partnerships with businesses and industry, to help build a strong workforce in Contra Costa County. 4CD was founded by a public vote in December 1948 and first opened its doors in 1949. It is one of the largest multi-college community college districts in California.

4CD serves a population of 1,200,997 people, and its boundaries encompass all but 48 of the 734-square-mile land area of Contra Costa County. The District Office is located in historic downtown Martinez. 4CD is governed by an elected five-member Governing Board who serve four-year terms.

One student member, selected by student government, serves a one-year term on a rotational basis among the Colleges. The Chancellor, appointed by the Governing Board, carries out the policies of 4CD.

- Each semester, 4CD's colleges offer more than 3,500 classes or class sections from music, to computer science, to managing a small business, to nursing and more.
- Many students pursue certificate programs and associate in arts or associate in science degrees.
- 4CD's colleges offer many Associate Degrees for Transfer, 60-unit programs that upon completion guarantee admission for students to complete their last two years at a CSU.
- Courses are offered days, evenings, weekends and online.
- Enrollment fee for resident students is \$46 per unit. Out-of-state and international students pay higher fees.
- We are the East Bay's leader in technology training!
- 4CD has approximately 3,380 full and part-time employees.

The Colleges

4CD has three colleges: Contra Costa College in San Pablo, Diablo Valley College, with campuses in Pleasant Hill and San Ramon, and Los Medanos College, with locations in Pittsburg and Brentwood. Learn more about the colleges on this page.
