ADOPTION BUDGET FISCAL YEAR 2013-14

I. INTRODUCTION

In preparing the Adoption Budget for the District, the goal is to develop a balanced budget that provides for programs and services and meets the needs of the communities served by the Contra Costa Community College District (District). The foundation of the budget development process incorporates shared values, honesty, integrity, transparency and collaboration with the colleges and participatory governance committees. Fiscal prudence is exercised in the development and management of the budget.

California's 2013 budget reflects the most stable fiscal footing the state has had in over a decade. Tough spending cuts the past few years combined with new temporary revenues provided by the passage of Proposition 30 have resulted in a positive long-term outlook that includes balanced budgets for the foreseeable future. This improvement in the state's finances has allowed the District to incorporate increased revenues into its budget and maintain a cautious optimism about future funding levels within the community college system. This increased funding translates into a more robust course schedule and allows for increased access for students. In addition, with firmer economic times come increased stability and a higher level of certainty about what the next few years will look like. This type of environment allows the District to develop long-term plans and goals in a much more meaningful way than the previous years of trigger cuts and vast uncertainty.

With the passage of the state budget, the legislature and the Governor have stressed the importance of reinvesting in education. Of importance to the District, the state budget provides increased funding for all levels of education.

- **The community college system will receive \$87.5 million (1.57%) for a Cost of Living Adjustment (COLA). For the District, this is approximately \$2.3 million in new revenue.**
- **The community college system will receive \$89.4 million (1.63%) to restore student access. For the District, this is approximately \$2.7 million in revenue that can be earned by increasing its FTES.**
- The Statewide Student Success Task Force concluded its work over a year ago with 22 recommendations for improving the rates of student persistence and completion in community college instructional programs. A number of the task force strategies became the basis for Senate Bill 1456, which included specific requirements and metrics. The state budget provides \$50 million to implement some of these new requirements. The District will receive approximately \$950,000 of this additional funding within its categorical programs.
- The state budget includes and expands upon the Governor's earlier proposal to begin to "buy down" the "wall of debt" affecting all public organizations and service agencies in California. Community colleges have suffered severe cash-flow delays amounting to \$961 million due to the state's practice of deferring timely payment of its obligations by months at a time. The state budget reduces, or buys down, this debt resulting in a balance of \$592.5 million that is owed to the community colleges, thereby releasing cash payments faster. The District would benefit by approximately \$7.8 million in more timely payments under this plan.

A. Planning

The Adoption Budget incorporates and budgets for revenue consistent with 2.14% growth funding and 1.57% COLA. Staff at each site developed course schedules to accommodate the increase in FTES targets, beginning with Summer 2013. However, due to its significant shortfall in FTES in FY 2012-13, Contra Costa College has opted to maintain its base and not plan for growth. This results in DVC and LMC having growth targets of 2.7% each. Table 1 shows the FTES targets at each site under this condition.

	Current FY 2012-13 FTES Base	*FY 2013-14 FTES Target	Additional FTES	Additional Dollars
CCC	5,581	5,581	-	\$ -
DVC	14,642	15,035	393	1,822,389
LMC	7,548	7,751	203	939,573
District Total	27,771	28,367	596	\$ 2,761,962
<i>*2.14% Growth over FY 2012-13 base all to DVC and LMC</i>				

Table 1

The District FTES growth target of 2.14% for FY 2013-14 is slightly higher than the community college system's growth funding of 1.63%. Due to disparities in how prior years' workload reductions were distributed within the community college system, the amount that each community college district can earn back varies. The State Chancellor's Office maintains records and recently notified the District that 2.14% growth is available to capture in FY 2013-14.

II. STATUS OF FISCAL YEAR 2012-13

In September 2012, the Governing Board adopted the FY 2012-13 budget. Amid uncertainty in the level of funding, District staff pursued a "middle-of-the-road" or "hedge" strategy in the budget to account for the as-yet-unknown success or failure of Proposition 30. This resulted in a resident FTES target suspended between two disparate funding levels. Due to the size of the funding at stake for the District (\$7 million difference between the success or failure of Proposition 30), the Governing Board adopted the hedge strategy and also allotted 2% of its 10% reserve to act as a cushion should the proposition fail.

Proposition 30 was approved by the voters of California by a wide margin (55% to 45%), signaling an end to continued cuts in education and providing the community college system much needed stability. The passage of Proposition 30 maintained the District's FY 2011-12 base funding and removed the threat of future reductions while providing a new, temporary revenue source to act as a bridge until the state and national economy improved.

The strategy employed in the FY 2012-13 budget necessitated significant adjustments after the passage of Proposition 30. Moreover, because nearly half the fiscal year was over by the time Proposition 30 was approved, the District experienced an FTES shortfall. During the April 2013 Budget Study Session, the Governing Board accepted the recommendation from District staff that the District go on stability in FY 2012-13.

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

A. Major Revenue Changes in FY 2012-13

Throughout the fiscal year, the District experiences adjustments to its revenue based upon state projections, enrollment numbers, and other factors that were not anticipated or budgeted at the time of the Adoption Budget. As the year progresses, District staff modifies and adjusts the budget in order to account for these changes. These changes are brought to the Governing Board quarterly within the “Budget Transfers and Adjustments” report. The following sections highlight major revenue increases in the FY 2012-13 budget.

1. Proposition 30	\$2,875,332
2. Reapportionment	555,000
3. Non-resident FTES Growth	822,118
	<u>\$4,252,450</u>

1. Proposition 30

The District built the FY 2012-13 Adopted Budget on a resident FTES target of 27,200. After the approval of Proposition 30, the District’s base funding of 27,771 resident FTES was solidified. Table 2 shows the difference between the Adopted Budget hedge position and the District’s base funding post-Proposition 30.

	2012-13 Adopted Budget	2012-13 Amended Budget	Increase
CCC Funded Resident FTES	5,466	5,581	115
CCC Dollar Allocation from Model	\$24,417,285	\$25,010,408	\$593,123
DVC Funded Resident FTES	14,341	14,642	301
DVC Dollar Allocation from Model	\$65,423,923	\$66,796,199	\$1,372,276
LMC Funded Resident FTES	7,393	7,548	155
LMC Dollar Allocation from Model	\$31,649,851	\$32,258,124	\$608,273
DO Dollar Allocation from Model	\$13,844,473	\$14,146,134	\$301,661
Total District Funded Resident FTES	27,200	27,771	571
Total District Dollar Allocation from Model	\$135,335,533	\$138,210,865	\$2,875,332

Table 2

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

2. Reapportionment

In addition to the revenue changes resulting from the passage of Proposition 30, the District received an extra \$555,000 from the apportionment recalculation done by the State Chancellor's Office for FY 2011-12. This additional revenue was generated due to a deficit factor less than what was calculated by the State Chancellor's Office on the FY 2011-12 P-2 report. The deficit factor is a shortfall in property tax receipts and enrollment fee collections statewide. This shortfall is not backfilled by the state and becomes a one-time deficit that does not carry forward or affect base funding in subsequent years. The recalculation of the deficit factor done by the State Chancellor's Office confirmed the shortfall was not as large as anticipated at the P-2 report, resulting in an additional \$555,000 distribution to all sites consistent with the District's revenue allocation model.

3. Non-resident FTES Growth

Despite the fall in resident FTES, the District continues to see growth in its non-resident student population, particularly international students. These students pay a much higher rate than state residents, which allows the District to supplement and augment offerings and services Districtwide. The increase of 148 FTES between the budgeted non-resident FTES (2,268) and the estimated actual non-resident FTES (2,416) shown in Table 3 represents an additional \$822,118 in revenue for the District.

2012-13 Non-resident (NR) FTES – Actual vs. Target			
	Actual NR FTES	Target NR FTES	Difference
CCC	210	193	17
DVC	2,097	1,975	122
LMC	109	100	9
Total	2,416	2,268	148

Table 3

B. Major Expenditure Changes in FY 2012-13

In building the District budget, many expenses are estimated based upon historical trends while adjusting for known changes. In many cases, expenses can be incurred due to external factors beyond the District's control. Significant shifts in expenditures are reported to the Governing Board through the quarterly "Financial Status" reports and the "Fiscal Trends" reports done five times per year. The following sections highlight major increases to expenses within the FY 2012-13 budget.

1. Legal Expenses	\$ 194,000
2. Election Costs	347,000
3. Scheduled Maintenance	4,050,000
4. Compensated Absences	<u>1,600,000</u>
	\$6,191,000

1. Legal Expenses

The District experienced higher-than-average legal expenses this fiscal year. The original FY 2012-13 budget for legal expenses was \$450,000. Halfway through the year, it became apparent the budgeted amount would be insufficient. The legal expenditures for FY 2012-13 totaled nearly \$644,000, an increase of \$194,000 over budget. As legal expenses are an assessment or "off-the-top" expense within the revenue allocation model, the colleges' and District Office's operating allocations were reduced proportionally.

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

2. November 2012 Election Costs

District staff budgeted \$350,000 for Board member election expenses, enough to fund two Board member elections. Subsequently, the District placed a parcel tax on the November ballot. The costs associated with running a countywide measure were not originally anticipated and resulted in total election expenditures of \$697,000, an increase of \$347,000 representing parcel tax costs. Election expenses, just like legal expenses, are an assessment or “off-the-top” expense within the revenue allocation model. All sites’ operating allocations were reduced to cover the expense.

3. Scheduled Maintenance

The state has not funded scheduled maintenance since FY 2008-09. This has put added pressure on the District to set aside its own funds in order to maintain its facilities. Two years ago, the Governing Board stressed the importance of scheduled maintenance, even in times of budget reductions, and asked that each college set aside at least \$100,000 annually. Since this amount is nowhere near the level needed to maintain the District’s buildings and assets, the colleges have now identified and set aside funds in addition to the \$100,000 per site to address the backlog of scheduled maintenance issues that have arisen the past few years. DVC, CCC and the District Office have identified scheduled maintenance and other one-time projects totaling \$4,050,000. These funds have been transferred from the ongoing, unrestricted General Fund into funds for one-time and capital projects.

4. Compensated Absences

The District has made a substantial commitment over the past few years to set aside funds for long-term liabilities associated with vacation accruals and faculty banked load (compensated absences), together totaling over \$13 million owed to employees of the District. In FY 2010-11, the unfunded liability was \$12.3 million. Since then, the District has made periodic transfers to reduce the unfunded liability for compensated absences. In FY 2011-12, the District contributed \$1.7 million towards the liability and was able to bring the unfunded amount below \$10 million. In FY 2012-13, the colleges and District Office have transferred \$1.6 million to further buy down this liability. These funds have been transferred from the ongoing, unrestricted General Fund to a debt service fund specifically for compensated absence payouts.

C. Ending Fund Balance in FY 2012-13

All the major revenue targets set in the FY 2012-13 Adopted Budget were achieved. Local revenues were also above budgeted amount, largely because of the increase in non-resident FTES. Historically, the District has budgeted conservatively on the revenue side, which has been a benefit during tough economic times.

On the expense side, because salaries and benefits make up approximately 86% of the total budget, it is important to focus on those specific budgeted amounts versus the actual expended amount. In this regard, the District budgeted \$140 million and achieved actuals of \$139 million. Put another way, the District was 99.2% accurate on the most important and biggest driver of overall costs.

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

The actual ending fund balance for FY 2012-13, which becomes the beginning fund balance for the FY 2013-14 Adoption Budget, is detailed in Table 4.

	FY 2012-13 Adopted Budget	FY 2012-13 Actuals
Revenues	\$156,146,537	\$160,622,776
Expenditures	157,329,968	164,579,825
Increase/(Decrease)	(1,183,431)	(3,957,049)

Ending Fund Balance	\$29,601,670	\$27,962,544

Table 4

III. FISCAL YEAR 2013-14 ADOPTION BUDGET

After years of reductions, trigger cuts and funding uncertainty, the budget for California community colleges for FY 2013-14 allows for the restoration of access and essential student services. The passage of Proposition 30 has expanded the Proposition 98 guarantee for K-14 education and will provide additional funding per student through FY 2016-17. Table 5 shows the estimated funding per student increase, with community colleges still offering the best value for the state and taxpayer.

	FY 2011-12 Funding Per Student	Estimated FY 2016-17 Funding Per Student	Funding Increase
K-12 Education	\$7,175	\$10,010	\$2,835
Community Colleges	4,893	6,542	1,649
Cal. State University	5,868	7,803	1,935
Univ. of California	10,630	13,121	2,491

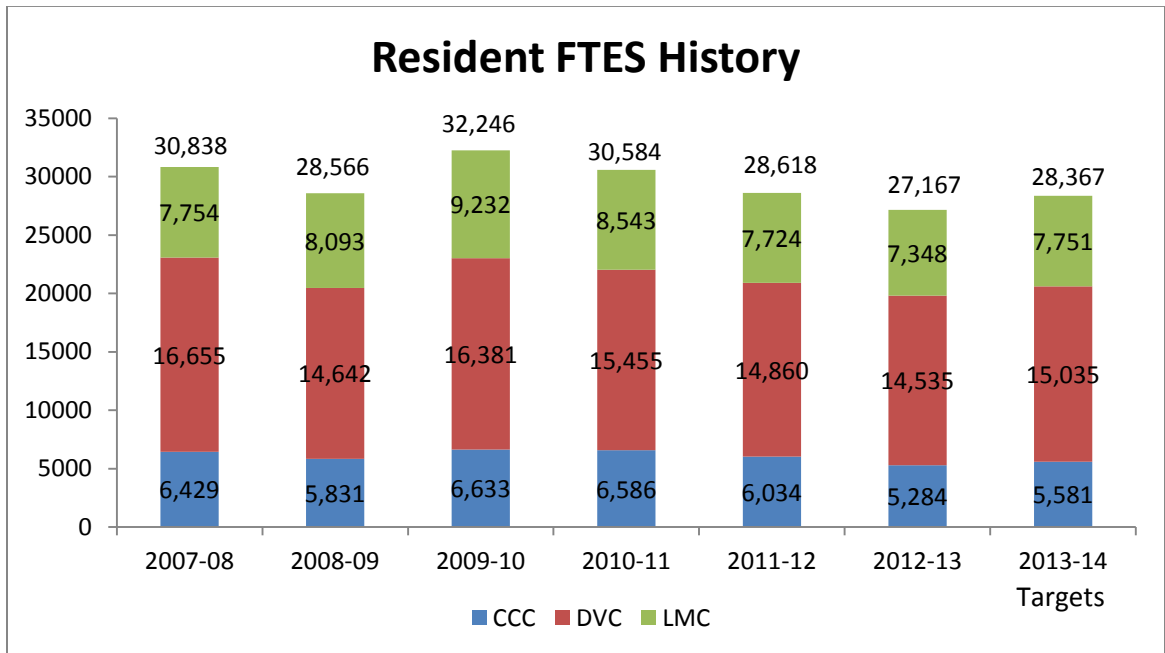

Table 5

With solid footing upon which to build the FY 2013-14 Adoption Budget, the District has designed a course schedule and developed FTES planning that should not require major, mid-year strategy adjustments.

A. FTES in FY 2013-14

The erosion of state funding the past few years has resulted in the District becoming a smaller organization, serving fewer students than in the past and employing fewer staff. With the FY 2013-14 FTES target of 28,367, the District will be in a position to increase targets for the first time since 2009-10. Graph 1 reflects a six-year history of actual resident FTES and targets for FY 2013-14.

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

Graph 1

The total District non-resident (NR) target is set at a level of 2,493 FTES, with targets detailed by college in Table 6. With a non-resident target of 2,493 FTES, \$12.3 million in revenue is anticipated Districtwide. This revenue augments course offerings Districtwide, allowing more resident students opportunities to receive needed classes.

	CCC	DVC	LMC	Total
FY 2013-14 NR target	193	2,200	100	2,493
Percentage	7.74%	88.25%	4.01%	100.00%

DVC	15,035	2,200	17,235	55.85%
LMC	7,751	100	7,851	25.44%
Total	28,367	2,493	30,860	100.00%

Table 7

B. Major Budget Assumption in FY 2013-14

District staff will build a budget and fund a schedule based on 28,367 resident FTES. Again, the District is being cautiously optimistic that it can grow its FTES and hit this target, capturing the growth revenue. Summer 2013 saw a year-over-year increase of 400 resident FTES, setting the District off to a positive start. In FY 2013-14, the focus is on FTES and capturing available growth funding.

**ADOPTION BUDGET
FISCAL YEAR 2013-14**

C. Other Noteworthy Budget Items in FY 2013-14

As mentioned earlier in the document, the state budget lacks the uncertainty of past years when trigger cuts and mid-year reductions became the norm. This has minimized the major assumptions that have been a staple of the Adoption Budget the past few years. There are, however, other noteworthy and impactful budget items within the Adoption Budget. These include:

1. Audit Adjustment

As a result of the external audit, \$1.2 million in one-time funds were distributed through the model. The \$1.2 million was an audit adjustment in FY 2011-12 to match our cash to the county.

2. Redevelopment Agency Dissolution

The dissolution of the Redevelopment Agencies (RDA) has caused a revenue shortfall in FY 2012-13. The community college system has statutory protection from revenue shortfalls attributable to the dissolution of the RDAs. Unfortunately, the degree of that shortfall is in dispute and is currently being discussed by the State Chancellor's Office and the Department of Finance. This uncertainty has led District sites to set up reserves to account for the potential of the FY 2012-13 shortfall affecting current-year revenue. The potential shortfall is 1.7% or \$2.37 million.

D. Impact on Fund Balance in FY 2013-14

The difference between current revenue and current expense is commonly referred to as "operating income" or alternately as "operating deficit" and is used to measure whether the budget is in balance. The District pays very close attention to the relationship between operating income and expense to determine if it is structurally balanced. To the degree that expenses exceed revenue, the fund balance is reduced. Alternatively, to the degree revenues exceed expenses, the fund balance increases. Table 8 provides an overall look at income and expense within the unrestricted operating portion of the General Fund and the effect on the District's fund balance.

Unrestricted General Fund, Operating

E. Components of Ending Fund Balance in FY 2013-14

The projected ending balance at June 30, 2014, of \$29,385,593 has restricted and unrestricted components. Table 9 summarizes those components.

F. Areas of Concern in FY 2013-14

1. Student Demand

As the economy improves the demand for courses diminishes. To grow our FTES and receive the growth funding available, the District must be innovative in its scheduling and offerings.

2. Productivity

Defined as Full Time Equivalent Students divided by Full Time Equivalent Faculty, productivity levels at the colleges have been historically high the past few years. High productivity allows District resources to be utilized in other areas. In addition, productivity gains are a component of the recently agreed-to salary formula.

3. Proposition 30

The tax increases attached to Proposition 30 sunset in 2016 (sales tax) and 2018 (income tax).

4. Health Benefit Increases

Health benefit premium costs continue to be a concern. The switch to Anthem Blue Cross is providing no escalation in costs compared to what Healthnet was charging in FY 2012-13. However, a double digit increase in Kaiser rates for FY 2013-14 did occur. The expectations are that the Affordable Care Act will push rates up further in FY 2014-15.

5. Long-Term Liabilities

Compensated absences (banked load and vacation accrual) constitute a liability of \$13.1 million, of which \$4.5 million is currently funded. The retiree health care unfunded liability as of the last actuarial report was \$174 million. An updated actuarial study on the retiree health care liability is currently underway.

6. Deficit Factor

The deficit factor for FY 2012-13 is still unknown. The dissolution of the RDAs has resulted in a property tax revenue shortfall. The community college system received statutory backfill from such a shortfall. However, there is disagreement between the State Chancellor's Office and the Department of Finance as to the size of that shortfall. Thus, the colleges and District Office have deficit funding reserves for two fiscal years (FY 2012-13 and FY 2013-14) within their budgets.

7. Redevelopment Agency Project Funds

The dissolution of the Redevelopment Agencies has negatively impacted the revenue colleges receive in Fund 41, Capital Projects. This has been most noticeable at Los Medanos College, which has historically been the recipient of nearly \$700,000 per year in restricted funds. Districtwide, over \$1 million annually has been earned per fiscal year. This dropped to zero in Fiscal Year 2012-13. However, there continues to be significant fund balances within Fund 41, Capital Projects. Those fund balances by college are shown below:

- Contra Costa College: \$2,542,543
- Diablo Valley College: \$1,497,958
- Los Medanos College: \$5,387,292

V. CONCLUSION

The California Community College system is the largest system of higher education in the world. Due to the budget reductions of the past four years, the system has turned away nearly half a million students. The budget for FY 2013-14 promises to reverse this unfortunate trend and begins to restore access to community colleges for the citizens of California. The District has weathered the economic downturn and is strategically positioned and cautiously optimistic it will grow its FTES and continue to be an engine of economic growth within the state.

VI. ADOPTION BUDGET – FISCAL YEAR 2013-14

The Adoption Budget for Fiscal Year 2013-14 is presented to the Governing Board for approval. The Adoption Budget is structured into four parts.

1. Summary Overview of Unrestricted General Fund, Ongoing
