ADOPTION BUDGET FISCAL YEAR 2020-21

1. Introduction

The goal in preparing the Adoption Budget for the Contra Costa Community College District (District) is to develop a balanced budget that provides for programs and services and meets the needs of the communities the District serves, as delineated in the District's *Strategic Plan*. The foundation of the budget development process incorporates shared values, honesty, integrity, transparency, and collaboration with the colleges and participatory governance committees. Fiscal prudence and adherence to Education Code Section 70901 and Title 5 Section 58301 are exercised in the development and management of the budget.

1.1 California's FY 2020-21 Enacted Budget

Governor Newsom signed the FY 2020-21 Budget Act on June 30, 2020, after protracted negotiations with the state legislature on reductions to the Proposition 98 guarantee. With the legislature's version of the Proposition 98 budget largely prevailing, no immediate reductions occur for the community college system. In order to achieve this flat level of K-14 funding during a recession where tax receipts are significantly down, the state is drawing on its reserves and, most notably, using deferral payments to shift expenditures into future years. The community college system will experience up to \$1.45 billion in system deferrals, roughly 40 percent of the state's share of apportionment revenue. To provide context, the size of these latest deferrals are 60 percent greater than the deferrals implemented during the Great Recession. When the economy began improving after the Great Recession, these deferrals were paid back over a period of four years and, during that payback period, little ongoing revenue in the form of COLAs or base allocation increases were given. With \$1.45 billion in deferrals in FY 2020-21 the impact of this policy decision to the community college system will be felt for years.

With the significant decline in tax receipts due to the pandemic, the enacted state budget for FY 2020-21 has general fund spending at \$139 billion, down \$13 billion from the previous year. No COLA is provided and all new, ongoing spending proposals were tabled. However, at least in the short-term, the K-14 system fared much better than any other area within the state budget. Further, while not providing additional ongoing revenue, the state did take steps to rein in employer-paid contributions for the pension systems, provide one-time block grant funding in response to COVID-19, and extend the Student Centered Funding Formula (SCFF) hold harmless provision through FY 2022-23.

Table 1 illustrates how the enacted state budget affects the community college system, its impact to the District, and the changes within each category since the May Revision.

| Category | Enacted State Budget | District Impact | Change from May Revision |
|-------------------|----------------------|---|-----------------------------|
| COLA (ongoing) | No COLA provided | While the legislature wanted to provide a 2.31% COLA (\$4.2M for the District), the Governor prevailed on this particular issue | No change |

| Categorical Programs (Student Equity, Strong Workforce, etc.) (ongoing, categorical) | No reductions to statewide categorical programs. | District categoricals will be funded at the same rate as in FY 2019-20 | The reductions proposed in the May Revision would have seen overall categorical funding decreases of approximately \$4 million |
|--|---|---|--|
| COVID-19 Response Block Grant (one-time, restricted) | \$120 million for the community college system to address costs related to COVID-19 disruptions | \$2.7 million will be available for the District | All additional, restricted revenue that was not proposed at the May Revision |
| Pension Relief (one-time) | A reduction in the CalSTRS employer-paid contribution and a smaller than anticipated increase in the CalPERS employer-paid contribution | Approximately \$1.8 million in savings is expected with these pension changes | No change |
| SCFF Hold Harmless extension | Extend hold harmless protection an additional two years through FY 2022-23 | The District will continue to receive approximately \$10 million annually in hold harmless funds through FY 2022-23 | No change |

Table 1

Despite no additional ongoing funding being made available and considering the negative financial impact the state has endured since March, the District is fortunate to continue to receive the same level of funding as it did last year. With very small year-over-year increases in health care benefits, pension savings, and reduced operating expenses due to COVID-19, the District's ongoing operating budget is structurally balanced within 0.3 percent of its total expenditure budget; this balance between revenue and expenses has been achieved even after the three percent salary increase was implemented.

1.2 FY 2020-21 Adoption Budget Planning

Included in the FY 2020-21 Adoption Budget are relatively flat year-over-year health care premiums, decreases in pension payments, and a three percent salary increase for employee groups. The result is a small operating deficit of \$0.7 million, approximately 0.3 percent of the expenditure budget.

While the District's actual resident FTES was approximately 5 percent short of its target in FY 2019-20, the extension of the hold harmless provision continues to provide financial security. In light of that fact, the District is budgeting for an unchanged resident FTES target in FY 2020-21. Maintaining the level of funding associated with this target allows the District to sustain its existing operations, invest in outreach and other FTES-generating activities, and be in a state of readiness for when the demand for services will inevitably rise. Table 2 illustrates the static resident FTES target and shows that with no COLA from the state, zero additional operating dollars are available.

2. FISCAL YEAR 2019-20 UPDATE

In September 2019, the Governing Board adopted the FY 2019-20 budget, which included \$5.6 million in additional ongoing revenue for the District due to a COLA of 3.26 percent. Incorporating this revenue into the budget produced an operating surplus of \$4.8 million, approximately 2.4 percent of the total expenditure budget.

The \$5.6 million increase in ongoing revenue covered the escalating expenses the District absorbed with the CalSTRS rate rising from 16.28 percent to 17.10 percent (\$800,000 year-over-year operating cost increase to the District) and CalPERS rising from 18.06 percent to 19.72 percent (\$700,000 year-over-year operating cost increase to the District). In addition, the increase in ongoing revenue also covered the modest rise in District-paid health benefit costs.

With a strong state budget, the District's FY 2019-20 Adoption Budget had a large surplus and included healthy reserves. These positive financial figures later helped facilitate the three-year agreements with the collective bargaining groups. Table 3 shows the result of this surplus and its impact on the District's fund balance.

| Projected Ending Balance at June 30, 2020 | \$ 35,243,607 |

Table 3

Detailed below are notable changes in revenues and expenditures from FY 2019-20.

2.1 FY 2019-20 Changes in Revenues

SCFF Hold Harmless Provision

Due to the District's SCFF hold harmless status, an additional \$2.8 million in apportionment revenue above the District's funded FTES target will be realized. As the Governing Board has previously directed, District staff will transfer these dollars into a restricted fund for eventual deposit into the District's irrevocable trust for retiree health benefits.

Non-Resident Tuition

With decreasing demand coupled with the large refunds offered to all students, including non-resident students, who chose to take an excused withdrawal during spring semester, non-resident tuition is approximately \$1.4 million less than originally budgeted.

2.2 FY 2019-20 Changes in Expenditures

Salary Increase of five percent for employee groups

Upon agreements with United Faculty, Local 1, and the management group, a five percent salary increase for FY 2019-20 was enacted. The cost for this salary increase amongst all groups is estimated at \$6.3 million.

Non-personnel expenditures

The closure that began in March significantly impacted hourly personnel and other non-personnel expenditures such, as supplies and travel. It is anticipated the District realized expense savings of greater than \$2.0 million.

Increased inter-fund transfers

With the transition to remote learning, auxiliary and enterprise funds (bookstore, parking, cafeteria, etc.) that rely on in-person activities to generate revenue were heavily impacted. This required the campuses and District Office to transfer approximately \$2 million to cover the shortfalls.

2.3 FY 2019-20 Ending Fund Balance

Table 4 shows the difference between the FY 2019-20 Adopted Budget and the actuals at year-end for the operating, ongoing portion of the unrestricted general fund. The ending fund balance for FY 2019-20 becomes the opening balance in FY 2020-21.

Table 4

3. FISCAL YEAR 2020-21 ADOPTION BUDGET

As the enacted state budget, absent the COLA, was largely the basis for the Tentative Budget, much of the major assumptions, including FTES targets, remain unmodified since last reported to the Governing Board. However, the District originally projected a 5.65 percent increase in health benefits and higher than enacted pension contributions. With overall health benefit premiums coming in relatively flat year-over-year and pension obligations much lower than anticipated, a reduction of \$3.0 million in benefit expenses from Tentative to Adoption Budget occurred and is largely responsible for the budget being structurally balanced within 0.3 percent of total expenditures.

3.1 FY 2020-21 FTES

Resident

With a FY 2020-21 resident FTES target of 28,668, the District is budgeting for no change in its resident FTES target. Chart 1 reflects a five-year history of actual resident FTES, with the funded target for FY 2020-21. Of note, the borrowing effect is visibly evident with fiscal years 2015-16 and 2017-18 having two summer sessions and, conversely, fiscal years 2016-17 and 2018-19 having no summer sessions.

Resident FTES History

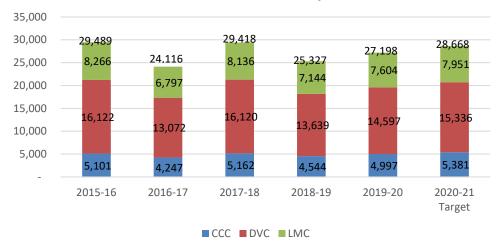

Chart 1

Nonresident

The total District nonresident target has been lowered to 1,800 FTES, a reduction of 300 FTES from the Tentative Budget. Diablo Valley College (DVC) reduced its budgeted target by 300 FTES with the other two colleges unchanged. The targets by college are detailed in Table 5. With a nonresident target of 1,800 FTES, \$11.3 million in revenue is anticipated Districtwide.

3.2 Impact on Operating Fund Balance

The difference between current revenue and current expense is commonly referred to as "operating surplus" or alternately as "operating deficit" and is used to measure whether the budget is structurally balanced. The District pays very close attention to the relationship between operating income and expense. To the degree that expenses exceed revenue, the operating fund balance is impacted. Always, but particularly in difficult fiscal times, the strength of the operating fund balance is critical to the District's ability to mitigate external factors and provide temporary relief from economic downturns. Table 7 provides an overall look at income and expense within the unrestricted operating portion of the general fund and the effect on the District's fund balance. Of note in the Adoption Budget is the District's operating deficit of \$699,284, approximately 0.3 percent of the total expenditure budget.

3.4 Compensated Absences and Retiree Health Benefit Liabilities

Compensated absences within the District are comprised of two separate components: vacation accruals and load banking. Chart 3 shows a history of the District's compensated absences. Encouragingly, this liability is now completely funded.

The District dedicated substantial financial resources to buy down this liability. This dedication resulted in an increase in the fund balance from \$3.4 million in FY 2011-12 to \$15.9 million in FY 2019-20. More important is the ratio of funding in comparison to the total liability. In FY 2011-12, the District had \$3.4 million to cover a liability of \$13.4 million, a funding level of 25 percent. At the end of FY 2019-20, the District has 15.9 million to cover a liability of \$15.0 million, a funding level of 106 percent. This history is illustrated in Chart 3.

Compensated Absences History \$18,000,000 120% \$16,000,000 100% \$14,000,000 \$12,000,000 80% \$10,000,000 60% \$8,000,000 \$6,000,000 40% \$4,000,000 20% \$2,000,000 0% \$-2011-12 2012-13 2013-14 2014-15 2015-16 2016-17 2017-18 2018-19 2019-20 \$4,471,099 Funded \$3.369.928 \$5.413.381 \$5.951.275 \$7.977.686 \$9.937.811 \$12.874.655 \$13.329.296 \$15.906.074 \$13.352.175 \$13,136,503 \$13.008.825 \$13,541,535 \$14,980,325 \$12,544,852 \$12,902,273 \$13,129,328 \$13,802,868 Compensated Absences % Funded 25% 42% 47% 59% 77% 98% 97% 106% 34%

Chart 3

Further, the irrevocable trust in place for retiree health benefits is also experiencing new heights. With a market value in the trust of \$143.0 million, the District is 55 percent funded for the approximately \$261 million liability.

3.5 Areas of Concern

- Student demand for courses has been a multi-year issue for the District;
- health benefit premium costs continue to be a substantial percentage of total expenses;
- funding of long-term liabilities, such as pensions and retiree health benefits;
- significant planned year-over-year increases in employer-paid pension costs for CalSTRS and CalPERS members will be a continual strain on the District's finances; and
- the potential for the hold harmless provision with the SCFF to sunset after FY 2022-23.

5. CONCLUSION

With the extension of the SCFF hold harmless provision extended through FY 2022-23, the District has the next three years to rebalance itself and respond to the almost certain changes the SCFF will undergo. Three years provide a strong level of short-term financial certainty and gives significant lead time to make informed, strategic decisions on how to adjust to the metrics of the funding formula.

The uncertainty of the state economy has created significant long-term unknowns. However, the District is in sound financial shape and is poised to handle potential financial reductions in a transparent and collegial fashion that will have the least impact upon students while remaining committed to the mission. The District remains steadfast in its values and ideals in good or bad economic times and will continue to be a beacon of excellence in learning and equitable student success.

APPENDIX D GLOSSARY

50 Percent Law

Section 84362 of the *Education Code*, commonly known as the Fifty Percent Law, requires that a minimum of 50% of the District's current expense of education be expended during each fiscal year for "salaries of classroom instructors." Salaries include benefits and the salaries of instructional aides.

Accounts Payable

A short-term liability account reflecting amounts due to others for goods and services received prior to the end of an accounting period (includes amounts billed, but not paid).

Accounts Receivable

An asset account reflecting amounts due from others for goods and services provided prior to the end of an accounting period (includes amounts advanced but not repaid).

Activity Code

A set of institutional functions or operations related to an academic discipline or a grouping of services.

Administrator

For the purpose of *Education Code* Section 84362, "Administrator" means any employee in a position having significant responsibilities for formulating district policies or administering district programs.

Allocation of Costs

Districts regularly incur costs that are not exclusively for one program. These costs generally must be assigned to the programs incurring such costs, using an acceptable allocation method.

Apportionments

Allocation of state or federal aid, local taxes or other moneys among school districts or other governmental units.

Capital Outlay

Capital outlay expenditures are those which result in the acquisition of or addition to fixed assets. They are expenditures for land or existing buildings, additions to buildings, remodeling of buildings, or initial or additional equipment. Construction-related salaries and expenses are included.

Capital Projects Funds

The fund accounts for financial resources to be used for the acquisition or construction of capital outlay items.

Categorical Funds

Money from the state or federal government granted to qualifying districts for special programs, such as DSPS, EOPS or Vocational Education. Expenditure of categorical funds is restricted to the fund's particular purpose. The funds are granted to districts in addition to their general apportionment.

Certificates of Participation (COPs)

COPs are used to finance the lease/purchase of capital projects. Essentially, they are the issuance of shares in the lease for a specified term.

Chart of Accounts

A systematic list of accounts applicable to a specific entity. The Chart of Accounts consists of funds, subfunds, cost centers, activities and object codes.

Collective Bargaining - SB 160 (1975)

A law passed by the California legislature which sets the manner and scope of negotiations between school districts and employee organizations. The law also mandates a regulations board. (See PERB)

Compensated Absences

Absences, such as vacation and load banking, for which employees must be paid. The term does not encompass severance or termination pay, postretirement benefits, deferred compensation or other long-term fringe

benefits, such as group insurance and long-term disability pay.

Current Assets

Assets that are available to meet the cost of operations or to pay current liabilities.

Debt Service Funds

Funds used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Disabled Student Programs and Services (DSP&S)

The purpose of these special programs and services is to integrate the disabled student into the general college program; to provide educational intervention leading to vocational preparation, transfer or general education; and to increase independence or to refer students to the community resources most appropriate to his or her needs.

Educational Administrator

87002 Education Code Section California Code of Regulations Section 53402(c) define "educational administrator" as an administrator who is employed in an academic position designated by the governing board of the district as having direct responsibility for supervising the operation of or formulating policy regarding the instructional or student services program of college district. Educational administrators include, but are not limited to, chancellors, presidents, and other supervisory management employees designated by the governing board as educational administrators.

Enterprise Funds

A subgroup of the proprietary Funds Group used account for operations when the governing board has decided either that the total cost of providing goods and services on a continuing basis (expenses including depreciation) be financed or recovered primarily through user charges; or that the periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public

policy, management control, accountability, or other purposes.

Extended Opportunity Programs and Services (EOPS)

Amounts apportioned for the purpose of providing allowable supplemental services through EOPS to encourage enrollment of students handicapped by language, social and/or economic disadvantages.

Fiscal Year

Twelve calendar months; in California, it is the period beginning July 1 and ending June 30. Some special projects use a fiscal year beginning October 1 and ending September 30, which is consistent with the federal government's fiscal year.

Fixed Assets

Property of a permanent nature having continuing value such as land, buildings, machinery, furniture, and equipment with a \$5,000 threshold.

Full-time Equivalent (FTE) Employees

Ratio of the hours worked based upon the standard work hours of one full-time employee.

Full-time Equivalent Students (FTES)

An FTES represents 525 class (contact) hours of student instruction/activity in credit and noncredit courses. The number 525 is derived from the fact that 175 days of instruction are required each year, and students attending classes 3 hours per day for 175 days will be in attendance 525 hours. An FTES is currently worth \$4,636 in apportionment funding.

Districts complete Apportionment Attendance Reports (CCFS-320) and Apprenticeship Attendance Reports (CCFS-321) to report attendance. These are carefully reviewed by external auditors. The importance of these reports lies in the fact that they serve as the basis for State General Apportionment allocation to community college districts.

Fund

An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

Fund Balance

The difference between fund assets and fund liabilities of governmental and similar trust funds.

Gann Limitation

A ceiling on each year's appropriations supported by tax dollars. The limit applies to all governmental entities, including school districts. The base year was 1978-79. The amount is adjusted each year, based on a price index and the growth of the student population.

General Fund

The fund used to account for the ordinary operations of the district. It is available for any legally authorized purpose not specified for payment by other funds.

Generally Accepted Accounting Principles (GAAP)

Uniform minimum standards and guidelines for financial accounting and reporting.

General Purpose Tax Rate

The District's tax rate, determined by statute as interpreted by the County Controller. The base rate was established in 1978, after the passage of Proposition 13, and changes have occurred based on a complex formula using tax rate areas.

Grants

Contributions or gifts of cash or other assets from another government or private organization to be used or expended for a specific purpose, activity or facility.

Interfund Transfers

Money that is taken from one fund and added to another fund without an expectation of repayment.

Intrafund Transfer

The transfer of moneys within a fund of the district.

Irrevocable Trust

A trust that cannot be modified or terminated without the permission of the beneficiary. The grantor, having transferred assets into the trust, effectively removes all of his or her rights of ownership to the assets and the trust. The District currently has an irrevocable trust to fund retiree health benefits.

Nonresident Tuition

A student who is not a resident of California is required, under the uniform student residency requirements, to pay a tuition fee as prescribed by Education Code Section 76140. The fee shall not be less than the average statewide cost per student.

Objects of Expenditure

Objects of expenditure are articles purchased or services obtained by a district, such as:

• Certificated Salaries (object series 51000)

Includes expenditures for full-time, part-time and prorated portions of salaries for all certificated personnel.

• Classified Salaries (object series 52000)

Includes expenditures for full-time, part-time and prorated portions of salaries for all classified personnel.

• Employee Benefits (object series 53000)

Includes all expenditures for employer's contributions to retirement plans, and for health and welfare benefits for employees or their dependents, retired employees and Governing Board members.

• Supplies (object series 54000)

Includes supplies and materials, typically with a limited lifespan.

• Other Operating Expenses (object series 55000)

Includes expenditures for consultants, travel, conferences, membership dues, insurance, utilities, rentals, leases, elections, audits, repair and maintenance contracts, and other contracted services.

• Capital Outlay (object series 56000)

Includes expenditures for sites, improvement of buildings, books and media for libraries and new equipment.

• Other Outgo (object series 57000)

Includes expenditures for retirement of debt, interfund transfers, other transfers, appropriations for contingencies, and student financial aid.

Other Post-Employment Benefits (OPEB)

Other post-employment benefits (OPEB) are employee benefits other than pensions that are received after employment ends, typically medical benefits.

Proposition 13 (1978)

An initiative amendment passed in June 1978 which added Article XIIIA to the California Constitution. Tax rates on secured property are restricted to no more than 1% of full cash value. The measure also defines assessed value and the voting requirements to levy new taxes.

Proposition 98 (1988)

An amendment to the California Constitution establishing minimum funding levels for K-14 education and changing some of the provisions of Proposition 4 (Gann limit).

Proposition 111 (1990)

A Senate Constitutional Amendment which modified Proposition 98 and made numerous changes to the way the appropriations limit is calculated and how the minimum funding guarantee for public schools and community colleges is determined; this includes the appropriations limit formula, the K-14 education funding guarantee and the allocation of excess revenues.

Public Employees' Retirement System (PERS)

State law requires school district classified employees, school districts and the State to contribute to the fund for full-time classified employees.

Public Employment Relations Board (PERB)

Established to regulate collective bargaining between school districts and employees. Formerly called EERB.

Reserves

Funds set aside to provide for estimated future expenditures or deficits, for working capital or other purposes. Designated reserves are funds set aside for a specific purpose while undesignated reserves are available for appropriation. All reserves are one-time in nature.

• Board 5% Reserve

Per Board Policy 5033, a 5% Board reserve shall be set aside to address significant opportunities that present themselves through the year and covers the minimum prudent standard set by the State Chancellor's Office. This is calculated on the ongoing, operating expenditure budget of the District, not including interfund or intrafund transfers out.

• Board 5% Contingency Reserve

Per Business Procedure 18.01, a 5% contingency reserve shall be set aside to address significant opportunities that present themselves throughout the year and covers the minimum prudent standard set by the State Chancellor's Office. This is calculated on the ongoing, operating expenditure budget of the District, not including interfund or intrafund transfers out.

State Teachers' Retirement System (STRS)

State law requires that school district employees, school districts, and the State, contribute to the fund for full-time certificated employees.

Student Financial Aid Funds

Funds designated to account for the deposit and direct payment of government-funded student financial aid. The following are the various types of financial aid:

Federal Aid:
Pell Grants
Supplemental Educational
Opportunity Grant (SEOG)
Perkins
State Aid:
EOPS (Extended Opportunity
Programs and Services)
CAL Grant

Taxonomy of Programs (TOP)

This was formerly called Classification of Instructional Disciplines. Districts are required, for State purposes, to report the expenditures by categories identified in the CCFS-311. The major categories are:

Instructional
Instructional Administration
Instructional Support Services
Admissions and Records
Counseling and Guidance
Other Student Services
Operations and Maintenance
Planning and Policy Making
General Institutional Support
Community Services
Ancillary Services
Property Acquisitions
Long-term Debt
Transfers
Appropriations for Contingencies

Tax and Revenue Anticipation Notes (TRANs)

These are issued to finance short-term cash flow needs. The notes are paid off within a 13-month period using the proceeds of current fiscal year taxes.

Useful Life

The period of time that an asset is of physical useful value. It is established primarily for depreciation and insurance purposes.

Weekly Student Contact Hours (WSCH)

The number of class hours each course is regularly scheduled to meet during a week, inclusive of holidays, multiplied by the number of students actively enrolled in the course.
