June 2011

~
Mission

The mission of the Chancellor's Cabinet is to serve as the leadership team ensuring the capacity of our District to educate students effectively and meet the needs of our communities in partnership with classified staff, faculty, and other managers.

Management Enhancement Program

An intensive 32-hour training program will be offered to all managers and 4CDLI participants in fall 2011. Twenty participants will be selected.

DVC Commons Project Budget

This project will be supported with \$600,000 from the contingency because bid alternates amounted to \$1.6M. The college will use other sources to cover the remaining balance.

Internet Circuit Costs

State Chancellor's office has been paying for these costs for all districts with telecommunications technology infrastructure program (TTIP) funds. The State Chancellor's office has indicated they no longer have funds for the secondary connections. They will pay only a portion, perhaps temporarily. The District will have to pay a share for 2011-12. The cost is not known at this time.
