Cabinet reviewed new California OSHA guidelines that require acknowledgment of any District employee on a District site during the pandemic.

Summer/Fall 2021 Schedules

Cabinet discussed the approach to planning course offerings for the summer and fall 2021 semesters, and reached consensus to offer online and hybrid courses with some in-person shadow course should conditions allow.

Statewide Technology Resources

Cabinet continued the conversation over the issue that a number of state-funded technology resources will no longer be funded as early as January 2021, and the costs must be absorbed by the District should those technologies be continued.

The Contra Costa Community College District, founded in 1948 and governed by a publicly elected five-member Board, is one of the largest multi-college community college districts in California. The mission of the District is to attract and transform students and communities by providing accessible, innovative and outstanding higher education learning opportunities and support services.
