AUGUST 2025

The purpose of the Chancellor's Cabinet is to serve as the leadership team, ensuring the sustainability of our District to educate all students effectively and equitably. Chancellor's Cabinet members lead in empowering and meeting the needs of our diverse communities in partnership with classified professionals, faculty, and other managers as we achieve the mission of the 4CD.

State of the District Presentations Being Scheduled

Director of Communications and Community Relations Jennifer Ortega shared information about the "State of the District" presentations that the Chancellor and college presidents will make this fall to several communities at city council meetings and other events hosted by civic organizations. The purpose of these presentations is to share news and information about 4CD, to raise awareness about our colleges and programs, and to strengthen our ties with community partners.

'All College Day' a Success Across the District

Chancellor Mojdeh Mehdizadeh and all three college presidents reported that All College Day was a success across the District. Hundreds of full-time faculty, classified personnel, and administrators participated in full-day events designed to kick off the new academic year with time for staff to receive important updates, connect with their respective departments and plan for the semester, and enjoy an opportunity to catch up with each other following the summer months. Chancellor Mehdizadeh attended all three events and shared a message of unity, encouraging colleagues to support and uplift each other.
