

ADMISSIONS AND ENROLLMENT

The District shall admit students who meet one of the following requirements and who are capable of profiting from the instruction offered.

- Any person over the age of 18 and possessing a high school diploma or its equivalent. The District shall in its discretion, or as otherwise federally mandated, evaluate the validity of a student's high school completion.
- Other persons who are over the age of 18 years and who, in the judgment of the Chancellor or his/her designee are capable of profiting from the instruction offered. Such persons shall be admitted as provisional students, and thereafter shall be required to comply with the District's rules and regulations regarding scholastic achievement and other standards to be met by provisional or probationary students as a condition to being readmitted in any succeeding semester.
- Persons who are apprentices as defined in Labor Code Section 3077.
- Applicants who are concurrently enrolled in the K12 system or who are approved for home study and meet the guidelines prescribed by District Student Services Procedure 3002.

The District may deny or place conditions on a student's enrollment upon finding that the applicant has been expelled within the preceding five years or is undergoing expulsion procedures in another California community college district, and that the applicant continues to present a danger to the physical safety of the students and employees of the District.

Priority Enrollment

The District shall provide priority registration for students who meet the registration and enrollment procedures as specified in Title 5, Section 58108.

Open Enrollment

The policy of the District is that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites, co-requisites, and other requirements established in Title 5, section 58106.

The Chancellor or designee shall assure that this policy is published in the catalog(s) and schedule(s) of classes.

Multiple and Overlapping Enrollment

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

The Chancellor or designee shall establish procedures to ensure that students may only enroll in two or more courses where the meeting times overlap under the conditions specified in Title 5, Section 55007.
