Multiple and Overlapping Enrollment

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

A student may not enroll in two or more courses where the meeting times for the courses overlap, unless the:

- student provides a valid justification, other than scheduling convenience, of the need for an overlapping schedule;
- student makes up the overlapping hours at some other time during the same week under the supervision of the instructor of the course;
- Admissions and Records Office maintains documentation describing the justification for the overlapping schedule; and,
- Instructor of record maintains documentation showing that the student made up the hours of overlap.

Enrollment in overlapping classes must be approved by the instructor of record and the appropriate college Dean.
