## My KP Meds App Now Available!

Keep track of your medications with our free app for your mobile device.

### Enjoy:

- A personalized app with your medication list updated directly from your electronic medical record
- Ability to set reminders that work for you
- Photos you can take to increase familiarity with your medications
- The convenience of carrying your medication list - and your reminders - with you

While in the App Store, download our KP Preventive Care app for appointment and preventive service reminders.
