Who Can You Cover?

WHO IS ELIGIBLE?

In general, employees who have met requirements for retiree benefits are eligible for the plans noted on this guide.

You can enroll the following family members in our medical, dental and vision plans.

- Your spouse (the person who you are legally married to under state law, including a same-sex spouse.)
- Your domestic partner is eligible for coverage if you have completed a Domestic Partner Affidavit.
- Your children (including your domestic partner’s children):
  - Under the age of 26 are eligible to enroll in medical coverage. They do not have to live with you or be enrolled in school. They can be married and/or living and working on their own.
  - Over age 26 ONLY if they are incapacitated due to a disability and primarily dependent on you for support.
  - Named in a Qualified Medical Child Support Order (QMCSO) as defined by federal law.
  - Court-ordered legal guardian.

For more information regarding retiree eligibility, please refer to your employee group agreement.

WHO IS NOT ELIGIBLE?

Family members who are not eligible for coverage include (but are not limited to):

- Parents and siblings.
- Any individual who is covered as a retiree of Contra Costa Community College District cannot also be covered as a dependent for medical and dental plans.
WHEN CAN I ENROLL?

Coverage commences the first of the month following date of retirement.

Open enrollment for retirees is generally held in October 15 to November 15. Open enrollment is the one time each year that retirees can make changes to their benefit elections without a qualifying life event.

Employees are strongly encouraged to enroll in Medicare Part B three months prior to retirement (if eligible). Employees must be enrolled in Medicare Part B to be eligible for District sponsored Medicare plan. Retirees enrolled in a District-sponsored Medicare plan may be eligible for reimbursement of Medicare Part B premium for the previous calendar year.

Employees who turn 65 years of age may defer enrollment in Medicare Part B until retirement. Employees in this situation must consult with the Social Security Administration office. Enrollment into Medicare Part A & B is conducted through the Social Security Administration office and not through the District.

Make sure to notify Human Resources right away if you do have a qualifying life event and need to make a change (add or drop) to your coverage election. Life events include (but are not limited to):

- Birth or adoption of a baby or child
- Loss of other healthcare coverage
- Eligibility for new healthcare coverage
- Marriage
- Divorce

You have 31 days to make your change.

WHAT IS THE COST OF COVERAGE?

For the cost of coverage, go to www.4cd.edu/hr/benefits.
Making the Most of Your Benefits Program

Helping you and your family members stay healthy and making sure you use your benefits program to its best advantage is our goal in offering this program. Here are a few things to keep in mind.

STAY WELL!

Harder than it sounds, of course, but many health problems are avoidable. Take action—from eating well, to getting enough exercise and sleep. Taking care of yourself takes care of a lot of potential problems.

GOING TO THE DOCTOR?

To get the most out of your doctor visit, being organized and having a plan helps. Bring the following with you:

- Your plan ID card
- A list of your current medications
- A list of what you want to talk about with your doctor

If you need a medication, you could save money by asking your doctor if there are generics or generic alternatives for your specific medication.

WHEN TO USE THE ER

The emergency room shouldn't be your first choice unless there's a true emergency—a serious or life-threatening condition that requires immediate attention or treatment that is only available at a hospital.

WHEN TO USE URGENT CARE

Urgent care is for serious symptoms, pain, or conditions that require immediate medical attention but are not severe or life-threatening and do not require use of a hospital or ER. Urgent care conditions include but are not limited to earache, sore throat, rashes, sprains, flu, and fever up to 104°.

GET A VIDEO HOUSE CALL

Anthem and Kaiser members can video chat with a doctor from the comfort of their own homes, without an appointment.

Anthem's LiveHealth Online provides 24/7 access to U.S. board-certified physicians for a fraction of the cost of an office visit. Physicians can treat a host of common illnesses quickly and effectively through a real-time video visit. They can even send prescription orders to your local pharmacy. For more information, visit www.livehealthonline.com.

Kaiser members can check with their Primary Care Physician if they can schedule their next appointment via a video visit. When scheduling an appointment in person or through the Appointment and Advice Line, ask if a video visit is right for your symptoms. For more information, visit www.kp.org/mydoctor/videovisit.
Choosing an In-Network PPO Provider

Choosing a healthcare provider that participates in your plan’s network makes your service experience stress-free. This will also save you money as in-network providers have a contract to accept an agreed fee and that means predictable out-of-pocket costs for you.

Regular visits to your dentists can protect more than your smile; they can help protect your health. Recent studies have linked gum disease to damage elsewhere in the body and dentists are able to screen for oral symptoms of many other diseases including cancer, diabetes, and heart disease.

¹ Out of network dentists may directly bill the patient for the difference between Delta Dental’s payment and their actual charge for services (balance billing).

For dental services amounting to at least $300, it is suggested that you ask your provider’s office to request a pre-determination estimate from Delta Dental. This ensures that your procedure is covered and helps you plan your payment in advance.

Key Terms

**MEDICAL/GENERAL TERMS**

**Allowable Charge** - The most that an in-network provider can charge you for an office visit or service.

**Balance Billing** - Non-network providers are allowed to charge you more than the plan’s allowable charge. This is called Balance Billing.

**Coinsurance** - The cost share between you and the insurance company. Coinsurance is always a percentage totaling 100%. For example, if the plan pays 70%, you are responsible for paying the remaining 30% of the cost.

**Copay** - The fee you pay to a provider at the time of service.

**Explanation of Benefits (EOB)** - The statement you receive from the insurance carrier that explains how much the provider billed, how much the plan paid (if any) and how much you owe (if any). In general, you should not pay a bill from your provider until you have received and reviewed your EOB (except for copays).

**In-Network** - Services received from providers (doctors, hospitals, etc.) who are a part of your health plan’s network. In-network services generally cost you less than out-of-network services.

**Out-of-Network** - Services received from providers (doctors, hospitals, etc.) who are not a part of your health plan’s network. Out-of-network services generally cost you more than in-network services.

**Out-of-Pocket** - Healthcare costs you pay using your own money, whether from your bank account, credit card, Health Reimbursement Account (HRA), Health Savings Account (HSA) or Flexible Spending Account (FSA).

**Out-of-Pocket Maximum** – The most you would pay out-of-pocket for covered services in a year. Once you reach your out-of-pocket maximum, the plan covers 100% of eligible expenses.

**Preventive Care** – A routine exam, usually yearly, that may include a physical exam, immunizations and tests for certain health conditions.

**PRESCRIPTION DRUG TERMS**

**Brand Name Drug** - A drug sold under its trademarked name. A generic version of the drug may be available.

**Generic Drug** – A drug that has the same active ingredients as a brand name drug, but is sold under a different name. Generics only become available after the patent expires on a brand name drug. For example, Tylenol is a brand name pain reliever commonly sold under its generic name, Acetaminophen.

**Maintenance Medications** - Medications taken on a regular basis for an ongoing condition such as high cholesterol, high blood pressure, asthma, etc. Oral contraceptives are also considered a maintenance medication.

**Specialty Pharmacy** - Provides special drugs for complex conditions such as multiple sclerosis, cancer and HIV/AIDS.

**Step Therapy** - The practice of starting to treat a medical condition with the most cost effective and safest drug therapy and progressing to other more costly or risky therapy, only if necessary.

**DENTAL TERMS**

**Basic Services** - Generally include coverage for fillings and oral surgery.

**Diagnostic and Preventive Services** - Generally include routine cleanings, oral exams, x-rays, sealants and fluoride treatments. Most plans limit preventive exams and cleanings to two times a year.

**Endodontics** - Commonly known as root canal therapy.

**Implants** - An artificial tooth root that is surgically placed into your jaw to hold a replacement tooth or bridge. Many dental plans do not cover implants.

**Major Services** - Generally include restorative dental work such as crowns, bridges, dentures, inlays and onlays.

**Orthodontia** - Some dental plans offer Orthodontia services for children (and sometimes adults too) to treat alignment of the teeth. Orthodontia services are typically limited to a lifetime maximum.

**Periodontics** - Diagnosis and treatment of gum disease.

**Pre-Treatment Estimate** - An estimate of how much the plan will pay for treatment. A pre-treatment estimate is not a guarantee of payment.

- Lose other health insurance or group health plan coverage. You must request enrollment within 30 days after the loss of other coverage.

THE WOMEN’S HEALTH AND CANCER RIGHTS ACT

The Women’s Health and Cancer Rights Act (WHCRA) requires employer groups to notify participants and beneficiaries of the group health plan, of their rights to mastectomy benefits under the plan. Participants and beneficiaries have rights to coverage to be provided in a manner determined in consultation with the attending Physician for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits are subject to the same deductible and co-payments applicable to other medical and surgical benefits provided under our plans. If you would like more information on WHCRA benefits, call your plan administrator.

NEWBORNS’ AND MOTHERS’ HEALTH PROTECTION ACT NOTICE

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, call your plan administrator.

AVAILABILITY OF SUMMARY INFORMATION

As an employee, the health benefits provided by Contra Costa Community College District represent a significant component of your compensation package. They also provide important protection for you and your family in the case of illness or injury.

Contra Costa Community College District offers a variety of benefit plans to eligible employees. The federal health care reform law requires that eligible members of an employer plan receive a Summary of Benefits and Coverage (SBC) for any medical and pharmacy plans available. The SBC is intended to provide important plan information to individuals, such as common benefit scenarios and definitions for frequently used terms. The SBC is intended to serve as an easy-to-read, informative summary of benefits available under a plan. SBCs and any revisions or amendments of the plans offered by Contra Costa Community College District are available on www.4cd.edu/hr/benefits.
INITIAL IRMAA DETERMINATION

The Social Security Administration (SSA) makes initial determinations whether the income-related monthly adjustment amount (IRMAA) applies to Medicare beneficiaries with Part B, or Medicare prescription drug coverage (or both if enrolled in both at the time a determination is made) using IRS data. Beneficiaries receive a notice with information about SSA’s determination and appeal rights when SSA makes an initial IRMAA determination for either Medicare Part B or Medicare prescription drug coverage.

If a beneficiary has Medicare Part B or Medicare prescription drug coverage only and enrolls in the other program later in the same premium year, the IRMAA determination will automatically be applied to the subsequent enrollment. A Title II Redesign (T2R) notice, which is not an IRMAA specific notice, is sent with the new IRMAA information and appeal rights. These notices will be stored on the Online Retrieval System.

IRMAA MEDICARE PART B AND PRESCRIPTION DRUG COVERAGE PREMIUMS SLIDING SCALE TABLE

The income-related monthly adjustment amount (IRMAA) sliding scale is a set of statutory percentage-based tables to adjust Medicare Part B and prescription drug coverage premiums. The higher the beneficiary’s range of modified adjusted gross income (MAGI), the higher the IRMAA will be. There are three sets of tables. Each table is based on the beneficiary’s tax filing status.

MEDICARE PART D
Important Notice from Contra Costa Community College District About Your Prescription Drug Coverage and Medicare

This notice is to all employees, retirees and COBRA participants who are Medicare-eligible and on a District medical plan. If you are not Medicare-eligible or not on a District medical plan you may ignore this notice. This notice is to inform Medicare-eligible employees, retirees and COBRA participants that your current prescription drug benefit program through Contra Costa Community College District provides “creditable coverage,” as defined below and to let you know that if you ever lose your current District prescription drug coverage, through no fault of your own, you will then be eligible for a two-month special enrollment period to enroll in a Part D plan. It also includes answers to questions you may have regarding your current prescription drug program and how it relates to Medicare Part D coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Contra Costa Community College District and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Contra Costa Community College District has determined that the prescription drug coverage offered by our Kaiser Permanente Senior Advantage and Anthem Medicare Preferred PPO plans are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

THIS IS YOUR NOTICE OF CREDIBLE COVERGE. Be sure to read it carefully and keep it in a safe place where you can find it. If you lose this notice and need another copy, please call Reed Rawlinson at 925-229-6853, or request a copy in writing from Reed Rawlinson, 500 Court Street, Martinez, CA 94553. Updated versions of this notice will be sent annually and you will be informed if the District ever loses its creditable coverage status.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your Contra Costa Community College District coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under Contra Costa Community College District is creditable (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your Contra Costa Community College District prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.
When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Contra Costa Community College District and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage

Contact the office listed below for further information. NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Contra Costa Community College District changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help
- Call (800) MEDICARE or (800) 633-4227. TTY users should call (877) 486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at (800) 772-1213 (TTY (800) 325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

FREQUENTLY ASKED QUESTIONS ON MEDICARE PART D

If I am a retired District participant with Kaiser Senior Advantage or the Anthem Medicare Preferred PPO plan, do I need to do anything now?

If you stay with one of the District’s sponsored Medicare plans, no action is required. You cannot be enrolled in more than one Part D plan at a time, so if you attempt to sign up with another Part D provider you risk being disenrolled from your medical and drug coverage.

If I am an active District participant, or a retired participant not with Kaiser Senior Advantage or the Anthem Medicare Preferred PPO plan, do I need to do anything now?

No, you can keep using the District’s prescription drug program the same as you always have. Your copayments will not change, nor will any pharmacy network.

When you first become eligible for Medicare, you will have the option to independently enroll in a Medicare Part D prescription drug plan. However, **by enrolling in a Part D plan you will permanently lose your current prescription drug coverage under the Contra Costa Community College District and you will not be reimbursed for your Part D premiums**. As mentioned above, the standard Part D benefit is not as good as the District’s own prescription drug program as described in your Health Plan Evidence of Coverage found at www.4cd.edu, select human resources and benefits.

You should compare your current prescription drug program, including which drugs are covered, with the benefits and costs of the Medicare Part D plans available in your area. To view the official summary of approved Medicare Part D plans in any of the United States, visit https://www.medicare.gov/find-a-plan/questions/home.aspx. Note that a Part D plan might not include your regular prescription drugs on its formulary. The District cannot provide you with a complete comparison of available Part D plans, but we urge you to carefully review any descriptions you may obtain.

**So why do I need to keep my notice of creditable coverage?**

In case you ever drop or lose your District coverage, or in the unlikely event that District coverage becomes non-creditable, having this notice will allow you to immediately enroll in a Part D plan without having to pay a late enrollment penalty. Specifically, if you try to enroll after your initial eligibility period, you will be charged a permanent Part D premium surcharge of 1% for every month since your initial Medicare eligibility for which you cannot show that you had creditable coverage (if such non-creditable period exceeds 62 days). Also note that you may have to wait for the next regular annual Part D enrollment period, which will be October 15th through December 7th for coverage in the following calendar year.

**How can I get more information on Medicare Part D?**

More detail will be in the handbook “Medicare & You” that will be mailed to individuals who are Medicare eligible by Medicare in October of each year. You may also be contacted directly by Medicare-approved Part D providers. At any time you can visit http://www.medicare.gov/ or call 1-800- MEDI-CAR (1-800-633-4227). TTY users should call 1-877-486-2048.

Every state has a Health Insurance Assistance Program to help Medicare beneficiaries and their families with their health insurance choices and with problems that might arise. In California, it is called the “Health Insurance Counseling and Advocacy Program” (HICAP) and can be reached (by non-cell phones only) at 1-800-434-0222.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration website at http://www.socialsecurity.gov/ or call them at 1-800-772-1213. TTY users should call 1-800-325-0778.
PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.1

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact Human Resources.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

1 An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.
PART B: Information About Health Coverage Offered By Your Employer

General Notice of COBRA Continuation Coverage Rights
** Continuation Coverage Rights Under COBRA**

Introduction
You’re getting this notice because you gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan’s Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally doesn’t accept late enrollees.

What is COBRA continuation coverage?
COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you’re an employee, you’ll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

If you’re the spouse of an employee, you’ll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse’s hours of employment are reduced;
- Your spouse’s employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee’s hours of employment are reduced;
- The parent-employee’s employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both); or
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a “dependent child.”

Bankruptcy under Title 11
Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the Contra Costa Community College District and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee’s spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When is COBRA continuation coverage available?
The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee’s becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs.

How is COBRA continuation coverage provided?
Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage
If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage
If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

For more in-depth information on your benefits, please visit www.4cd.edu/hr/benefits
Are there other coverage options besides COBRA Continuation Coverage?
Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicare, Medicaid, Children’s Health Insurance Program (CHIP), or other group health plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

Can I enroll in Medicare instead of COBRA continuation coverage after my group health plan coverage ends?
In general, if you don’t enroll in Medicare Part A or B when you are first eligible because you are still employed, after the Medicare initial enrollment period, you have an 8-month special enrollment period1 to sign up for Medicare Part A or B, beginning on the earlier of

- The month after your employment ends; or
- The month after group health plan coverage based on current employment ends.

If you don’t enroll in Medicare and elect COBRA continuation coverage instead, you may have to pay a Part B late enrollment penalty and you may have a gap in coverage if you decide you want Part B later. If you elect COBRA continuation coverage and later enroll in Medicare Part A or B before the COBRA continuation coverage ends, the Plan may terminate your continuation coverage. However, if Medicare Part A or B is effective on or before the date of the COBRA election, COBRA coverage may not be discontinued on account of Medicare entitlement, even if you enroll in the other part of Medicare after the date of the election of COBRA coverage.

If you are enrolled in both COBRA continuation coverage and Medicare, Medicare will generally pay first (primary payer) and COBRA continuation coverage will pay second. Certain plans may pay as if secondary to Medicare, even if you are not enrolled in Medicare.
