

Find an in-network dentist

Follow these easy steps to find an in-network Delta Dentist in your area.

Step 1 

Go to deltadentalins.com and choose "Find a dentist".

Step 2 

Enter your location. This could be your home address or even your office address—choose the location that's most convenient for you.

Step 3 

Select your network. Choose DeltaCare USA or Delta Dental PPO network from the options provided.

Step 4 

Tap on "Find a dentist".

Step 5 

Review, pick and call a dentist from the list provided.

If you would like to refine your search results, go to the "Refine your search" field.

- Update your location using your preferred city, state or zip code and apply keywords like a specific dentist's or practice's name.
- To further filter your results, choose "Filter" from the right side of the screen. Review the list of filter options including Language, Distance, Specialized Care and more. Tap on "Apply".
- Didn't find a PPO dentist that fit your needs? Try selecting the Delta Dental Premier® network. You'll save the most by visiting a Delta Dental PPO dentist but your next best bet is the Delta Dental Premier network.
