Section 4 Calculating Premium for Individual Coverage

Section 4 to be completed by Employee.

Instructions

1. Determine the effective date of your new individual policy. This will be 32 days after your group coverage terminates (see section 2 on the front of this form for your termination date).
2. Find your age at issue for the new policy in the chart. If your birthday is less than six months from the effective date, use your age at your next birthday. For example, if the effective date is Feb. 15, 2002 and your 35th birthday is on June 3, 2002, use 35 as your age.
3. Select the amount of coverage in \$1,000 units on the chart. Coverage can be up to the amount you had under the group plan. The minimum amount of coverage is \$10,000. If the amount of coverage under the group plan was less than \$10,000, the full amount must be converted.
4. Find your rate on the chart. For example, the rate for a 41-year-old female is \$14.51 per \$1,000 of coverage.
5. Calculate your premium below:

	Example	Your Calculations
A. Amount of Insurance Desired	\$ 50,000	
B. Number of \$1,000 Units	50	
C. Rate per \$1,000	\$ 14.51	
D. Multiply the Rate by Units	\$ 725.50	
E. Add the Administrative Policy Fee*	\$ 75.00	\$ 75.00
F. Total	\$ 800.50	

* The policy fee covers the administration of your policy

Section 5 Payment Options

Section 5 to be completed by Employee.

Instructions

To pay your premium, you can choose any of these three payment options:

1. **Annual payment:** With this option, you pay the entire year's premium (Line F of Section 4) up front. Payment to Sun Life Assurance Company of Canada is due within 31 days of your date of termination.
2. **Semi-annual payments:** This option lets you make two equal premium payments during the year. In the chart below, multiply the annual premium (Line F) by 1.03 and divide by 2. Your first payment is due to Sun Life Assurance Company of Canada along with your Application within 31 days of your date of termination.
3. **Automatic Monthly Premium Payments:** This option deducts premium payments from your bank account each month. In the chart below, multiply the annual premium (Line F) by 1.06 and divide by 12. If you choose this payment option, please complete the Bank Authorization Form in the *Employee's Kit for Group Life Conversion*. Also, send a copy of a voided check from the checking account you want to use to pay for premiums. Your first payment is due to Sun Life Assurance Company of Canada within 31 days of your date of termination.

Semi-Annual Payments	Automatic Monthly Payments
(\$ _____ x 1.03) ÷ 2 = \$ _____	(\$ _____ x 1.06) ÷ 12 = \$ _____
